

# Presidential Search Committee Handbook

R.H. PERRY & ASSOCIATES  
SEARCH COUNSEL TO HIGHER EDUCATION

RHPA first developed its *Presidential/Vice Presidential Search Committee Handbook* in 1998 to assist trustees and search committees in conducting effective senior level searches in the academy. In 2000, after receiving a number of suggestions from clients, we published a second edition.

The latest version, *Presidential Search Committee Handbook*, focuses on CEO transitions. We dedicate it to the many trustees and search committee members with whom we have had the privilege of working.
